

E.KX

BOREHOLE PUMPS IN STAMPED STAINLESS STEEL

5,5÷200HP

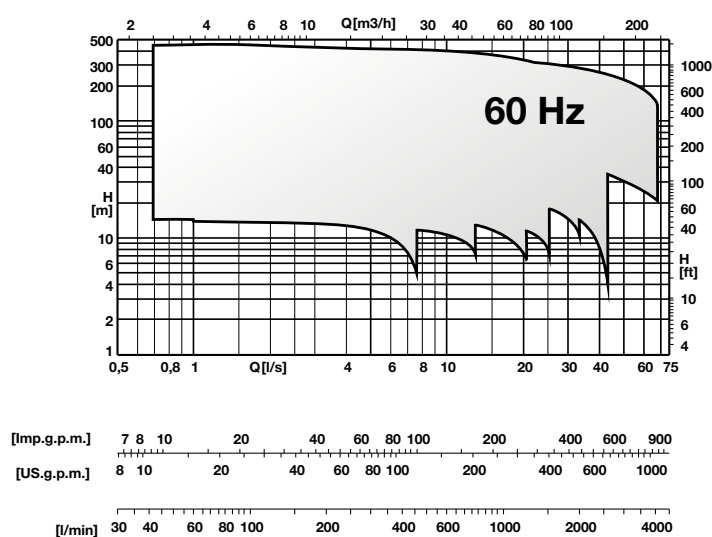

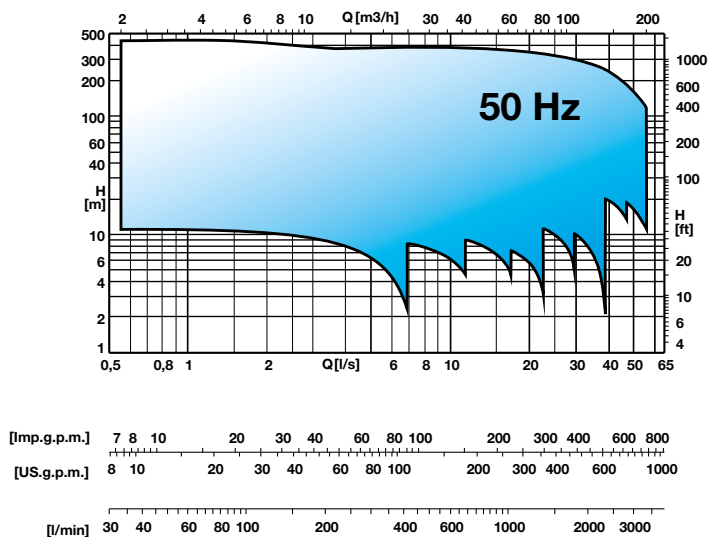

50/60Hz

6"- 8"-10"

***STAINLESS STEEL
RESISTANCE***

ENERGY SAVING

Flow rate up to	265 m³/h
Head up to	450 m
Power up to	150 kW

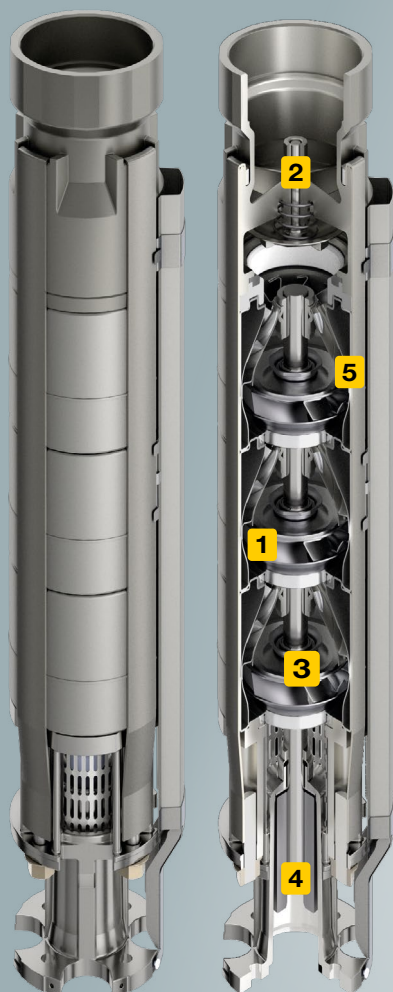

IDEAL FOR

IRRIGATION

WATER SUPPLY

DOMESTIC

INDUSTRIAL APPLICATIONS

WHY CHOOSE E.KX

1 HIGH ENERGY SAVING

- Impellers and diffusers in **stamped stainless steel**: performance over time
- **High efficiency** pumps: best in class

2 ROBUSTNESS AND RELIABILITY

- Valve and suction casing in **high precision casted stainless steel**
- **High component thickness**: life over time

3 CORROSION AND ABRASION RESISTANCE

- High quality of **stainless steel** components
- **Protection of the coupling area** from direct contact with the liquid

4 INTERCHANGEABILITY

- Coupling according to International Standards **NEMA 4-6-8**
- **Easy replacement**

5 FLEXIBILITY

- Use with **boosters** and **cooling shrouds**
- **Horizontal** and **vertical** installation
